☎ 647.783.9699
📍 Toronto, ON

A Full-Stack Developer currently studying Business Technology Management. I have always had a great passion and curiosity for problem solving. Being able to find that fulfilment in coding had ultimately motivated me to pursue a career in full-stack development. I have a sense of persistence that allows me to oversee projects to completion I am a fast learner with the ability to adapt to new ideas. My work is inspired by my passion for helping people and making lives better and easier.
